

Assignment 1

Dear Participants,

Greetings!

In week 1- “Orientation towards Technical Education”, there are 16 videos and 2 reading materials. In these videos and instruction materials, five activities are given. You are asked to discuss about the activities on the discussion forum available on SWAYAM platform. You are also asked to keep a Course Journal of your learning. It is decided that one of activities given in week 1, need to be submitted as Assignment -1.

You are requested to submit the answers for the following

- a.** Consider an Engineering College / Institute. It may be the college / Institute you have studied or studying / worked or working.
- b.** Find out whether that Institute or department in the institute / programs has been accredited. If so, write down the accreditation model (NBA/NAAC/ABET/ or any other) and their performance rating for the identified institute.
- c.** Find out one of the best practices in that Institute that have contributed to the quality of Institute. Write the best practices adopted in that College/ Institute for NOT more than 250 words.

Type your answers in a document and submit. Do not forget to include your NAME, Institute NAME.

Happy Learning!
